

For cleaning fins of air conditioning unit

High Pressure Cleaner 440

Electric

220V Code No. **EP023** 240V Code No. **EP47H** with pressure Gauge · 220V Code No. **EP48H**

Discharge
3.7L / min

Pressure
3.9MPa

200W Voltage
Made to order

Self-Priming

From water tap
Optional Item
P.87

With plastic case which can be used as water tank.
Can be used for gardening sprayer as it is easy to adjust pressure.
Durable glycerin-filled pressure gauge.

Item	440	440 (with pressure gauge)
Discharge volume	3.0L/min (50Hz) · 3.7L/min (60Hz)	3.0L/min (50Hz) · 3.7L/min (60Hz)
Pressure	3.9MPa (40kg/cm ²)	3.9MPa (40kg/cm ²)
Weight	9kg	9.2kg
High pressure hose	Standard: 8m Max Length: 30m	Standard: 8m Max Length: 30m
Standard Accessories	High pressure hose (8m), Spray Gun, Water suction hose (2.6m), Plastic case	High pressure hose (8m), Spray Gun, Water suction hose (2.6m), Plastic case, Pressure gauge

Optional Item

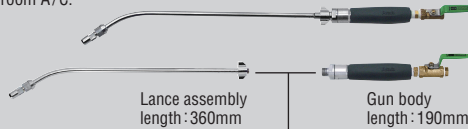

Item	Code No.	Item	Code No.
High pressure hose 8m	EP450	Gun body	EP442
High pressure hose 10m	EP207	Lance assembly	EP273
Water tap connecting hose	EP252	Lance 150mm assembly	EP275
Spray gun	EP430		

Spray Gun Kit (Lance + Gun)

Ideal for cleaning fins of A/C. By replacing the standard lance with the 150mm lance it is possible to clean fins of room A/C.

Lance assembly

Ideal for cleaning fins of A/C.

Lance 150mm assembly

Ideal for cleaning fins of room A/C.

Lance 150mm assembly length: 160mm

With suitable water volume and pressure for cleaning fins of air conditioning unit without damage !!

With pressure gauge

For cleaning construction equipment, agricultural machines, etc

High Pressure Cleaner 12/80GP

Engine type

Code No. **HD1208P2**

Discharge
12.0L / min

Pressure
7.8MPa

Engine
3.7kW

Self-Priming

With Stainless Steel
one-touch coupler

For cleaning small diameter or general household drain pipes.

Cleaning small diameter pipe

Enables to pass a bend by opening and closing the hand gun. SUS cleaning hose is attached as a standard accessory.

2 way hand gun

Suitable to wide range of washing. Straight and fan shape spray.

2 ways of usage

Connect to Variable nozzle - short type gun.
Connect to Pipe cleaning hose - gun for cleaning pipes.

Plunger Pump

Durable triple plunger pump for easy maintenance.

Long life

Low speed engine and pump assure a long life.

Pressure gauge

Durable glycerin-filled pressure gauge with a stable needle.

Air relief valve

Sufficient self suction with air relief valve.

Pipe Cleaning Capacity	~ø110mm
Weight	29kg
High Pressure Hose	Standard: 10m Max length: 100m
Fuel Tank Capacity	3.1L
Standard Accessories	High Pressure Hose 3/8" x10m, 1/4" SUS Cleaning Hose 20m, Water Suction Hose 3m, Variable Nozzle, Hand Gun

Optional Accessories

Item	Code No.
1/4" SUS CLEANING HOSE 20m	HD03154
Water Tap Connection Hose 5m	HD013

2 way hand gun is suitable for cleaning and washing pipes !!

For cleaning large sized drain pipes

High Pressure Cleaner 15/200GP

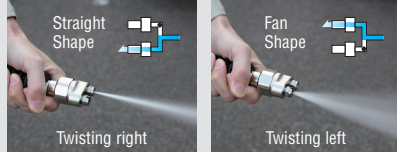

Code No. **HD1520P2**

Engine type Pipe cleaning

Discharge 15.0L / min	Pressure 20MPa	Engine 5.1kW	Self-Priming	With Stainless Steel one-touch coupler
--------------------------	-------------------	-----------------	--------------	---

Suitable for washing drain pipes of a building and plant pipes.

Dual gun

Two nozzles enable 2 types of spray. (straight and fan shape)

Plunger Pump

Durable triple plunger pump for waxy maintenance.

Unloader valve

Protects pump and motor.

Air relief valve

Sufficient self suction.

Pipe Cleaning Capacity	~ø150mm
Weight	67.4kg
High Pressure Hose	Standard: 20m Max length: 100m
Fuel Tank Capacity	5.3L
Standard Accessories	Dual gun, High Pressure Hose 3/8" x20m, Water Suction Hose 3m, Residual Hose 3m, Pipe Cleaning Hose 3/8" x20m, 3/8" Reverse Jet Nozzle T type, Hose Reel

High capacity for cleaning and washing pipes!

1030mm

Optional Accessories

Item	Code No.
3/8" Pipe Cleaning Hose 20m	HD03244
3/8" Reverse Jet Nozzle T type	HD06065
Water Tap Connection Hose	HD013

For cleaning large sized drain pipes

High Pressure Cleaner 30/50GP

Code No. **HD3005P**

Engine type Pipe cleaning

Discharge 30.0L / min	Pressure 4.9MPa	Engine 2.9kW	Self-Priming	With Stainless Steel one-touch coupler
--------------------------	--------------------	-----------------	--------------	---

Ideal for cleaning large diameter pipes.

Compact, but powerful.

Adjustable gun from straight spray to fan shaped spray.

Pipe cleaning capacity	~ø 250mm
Weight	58kg
High pressure hose	Standard: 20m Max length: 50m
Fuel tank capacity	3.7L
Standard Accessories	Turbine Gun, High Pressure Hose 3/8" x20m, Water Suction Hose 3m, Residual Water Hose 3m, Pipe Cleaning Hose 3/8" x30m, Hose Reel

Large volume of water, 30L/min !!

1,045mm

For cleaning manholes, drain pipes, etc

High Pressure Cleaner 60/50GP

Code No. **HD605**

Made-to-order Engine type Pipe cleaning

Discharge 60.0L / min	Pressure 4.9MPa	Engine 5.9kW	Self-Priming	With Stainless Steel one-touch coupler
--------------------------	--------------------	-----------------	--------------	---

Large water volume by powerful engine.

Suitable for demolishing building and house with far distance spray turbine gun to cover the dust.

For cleaning large sized drain pipes !!

1,210mm

Pipe cleaning capacity	~ø 500mm
Weight	193kg
High pressure hose	Standard: 20m Max length: 30m
Fuel tank capacity	6.0L
Standard Accessories	Turbine Gun, High Pressure Hose 3/8" x20m, Water Suction Hose 3m, Residual Water Hose 5m, Pipe Cleaning Hose 1/2" x60m, Hose Reel
